📍 Lagos, Nigeria.

---

Enthusiastic and highly motivated Petroleum and Gas Engineering student with a passion for innovative problem-solving and a background in Frontend Development . Seeking to apply my engineering skills and programming expertise to contribute to the energy industry. I'm experienced in utilizing modern frontend frameworks and tools to deliver intuitive and efficient interfaces. I'm eager to gain hands-on experience and apply theoretical understanding to real-world challenges.

## Technical Skills

- HTML5/CSS
- Javascript
- Tailwind CSS/ Bootstrap
- React JS/ Next JS

## Tools & Frameworks

- Visual Studio Code
- Figma
- Git & Github

## Skills

- Excellent analytical and problem-solving abilities.
- Solid foundation in Petroleum Engineering principles.
- Strong communication and teamwork skills developed through group projects.
- Wrote code using specific programming languages and tools.

## Extracurricular Activities

- Member, Society of Petroleum Engineers (SPE) University of Lagos chapter : Participated in seminars and events staying updated on industry trends and technologies.

## Experience

Front End Developer

May 2023 – August 2023

### **BAZAAR TECH AFRICA, LAGOS**

- Debugged code and resolved issues related to front end development projects.
- Tested websites across various browsers and devices to ensure compatibility.
- Worked on multiple projects simultaneously while meeting deadlines.
- Collaborated with designers and back-end developers to create feature-rich front end solutions.
- Wrote code using specific programming languages and tools.

Engineering Intern

April 2024 – October 2024

### **WEST AFRICAN VENTURES, LAGOS**

- Gained hands-on experience in pipeline installation techniques and offshore operations.
- Performed design calculations for pressure containment, hydrostatic collapse, and on-bottom stability of pipeline systems.
- Learned about industry best practices in pipeline installation and project execution.

## Education

**University Of Lagos, Akoka**

Sept 2018 - Present

Bachelor of Science (B.sc) in Petroleum  
And Gas Engineering
